

Housing Priority Guide for Room Selection

Self-Elected Room Selection:

APPLY EARLY AND BY THE HOUSING PRIORITY DEADLINE to secure the best time slot for room selection. On your housing application, you'll indicate your room preferences. Once submitted by the [priority deadline](#) (May 22nd for the Academic Year application and November 15th for Spring Semester Only application), CCA Housing will email you your assigned room selection timeslot.

Room selection time slots are assigned based on:

- **[Accommodation Requests](#)**: Students with specific room needs for accessibility or disability accommodations.
- **Student Status**: Upperclass students not required to live on campus are prioritized over underclass students who must reside on campus.
- **Application Submission**: Priority is given by the date the application was completed and submitted, meaning earlier applications receive earlier timeslots.

During your assigned slot, you'll have the opportunity to select a room based on current availability.

CCA-Elected Room Selection:

Applications submitted after the priority deadline are still accepted; however, CCA Housing will assign rooms based on current availability. **Students will not be able to select their own room at this time.** Additionally, students who applied by the priority deadline but did not select a room during their assigned time slot will also be included in the CCA-elected room selection process and assigned a room by CCA Housing. While we will make every effort to match your indicated preferences from your housing application, specific room assignments cannot be guaranteed.
